DETAILS:

Full Description:

- The Apache ATS Zipped Knit Sweater is a durable and stylish outer layer designed for both work and casual wear. It features a wind-resistant inner lining, soft-shell comfort panels for enhanced mobility, and a quarter-zip front for easy wear. Ideal for dry and cold conditions, this sweater combines functionality with comfort.

Application Area

- Construction sites
 - Warehousing and logistics
 - Trades (plumbing, electrical, carpentry)
 - Outdoor maintenance and landscaping
 - Cold weather environments where layering is needed
 - General sitewear or casual on-site office wear
- Its design offers warmth, flexibility, and professional appearance, making it ideal for both active work and on-site meetings.

Key Features:

- Wind-Resistant Inner Lining:** Provides protection against chilly winds.
- Soft-Shell Comfort Panels:** Located on the upper part of the sweater to allow greater movement.
- Knitted Cuffs:** Ensure a snug fit and retain warmth.
- Multiple Pockets:**
 - Two zipped hand pockets for secure storage.
 - One zipped pocket on the right breast for easy access to essentials.
- Quarter-Zip Front:** Allows for adjustable ventilation and easy layering.
- Performance Fabric:** Offers water resistance and breathability for added comfort.
