

PRODUCT NAME:

EVT FUGENMEISTER WINKEL L 2861

PRODUCT CODE/S:

EVTFUGENWINKEL

OVERVIEW

THE EVT FUGENMEISTER WINKEL L 2861 IS ENGINEERED FOR PROFESSIONALS SEEKING FLAWLESS RESULTS IN SEALANT APPLICATION, ESPECIALLY IN CHALLENGING AREAS LIKE CORNERS AND ANGLES. ITS ERGONOMIC DESIGN ENSURES FATIGUE-FREE USE, WHILE THE DURABLE, FLEXIBLE MATERIAL ALLOWS FOR CONSISTENT PERFORMANCE ACROSS VARIOUS JOINT SIZES. IDEAL FOR BOTH INTERIOR AND EXTERIOR APPLICATIONS, THIS TOOL IS COMPATIBLE WITH A RANGE OF SEALANTS, INCLUDING SILICONE, ACRYLIC, AND POLYURETHANE.

DETAILS:

Key Features:

- **Multiple edge profiles for versatile joint shaping**
- Ergonomic design for comfortable handling**
- Durable, solvent-resistant material**
- Suitable for use with various sealant types**
- Reusable and easy to clean**

Technical Specifications:

- Material:** Flexible, solvent-resistant plastic
- Profiles Included:** Various angles and radii for different joint requirements
- Color:** Typically grey or red
- Reusable:** Yes
- Cleaning:** Wipe clean with cloth or rinse with solvent

DIRECTIONS FOR USE

- Apply sealant to the joint area.**
- Select the appropriate edge profile on the tool.
- Optionally moisten the tool with water or a smoothing agent.
- Glide the tool along the joint to shape and smooth the sealant.
- Clean the tool after use for future applications.
