

**PRODUCT NAME:**

**4LB FIBREGLASS STONING HAMMER TPR COVER**

**PRODUCT CODE/S:**

**H11D4**

**OVERVIEW**

THE 4LB FIBREGLASS STONING HAMMER IS ENGINEERED FOR STRENGTH AND CONTROL DURING HEAVY-IMPACT APPLICATIONS SUCH AS STONE BREAKING, DEMOLITION, AND MASONRY WORK. THE FIBREGLASS HANDLE OFFERS HIGH RESISTANCE TO WEAR, VIBRATION, AND IMPACT, WHILE THE TPR GRIP PROVIDES SUPERIOR COMFORT AND SLIP RESISTANCE.

ITS 4LB FORGED STEEL HEAD DELIVERS POWERFUL STRIKING FORCE, IDEAL FOR BREAKING AND SHAPING STONE, CONCRETE, AND OTHER TOUGH MATERIALS. BUILT TO WITHSTAND RIGOROUS SITE USE, THIS HAMMER IS A RELIABLE ADDITION TO ANY PROFESSIONAL'S TOOLKIT.

**DETAILS:**

**Key Features:**

- **4lb Forged Steel Head** for high-impact tasks
- Fibreglass Handle:** Strong, lightweight, and resistant to shock
- TPR Comfort Grip:** Non-slip and vibration-absorbing
- Durable Construction:** Designed for long-term heavy use
- Balanced Weight** for controlled striking force

**Technical Specifications:**

- 1. Weight:** 4lb (1.8 kg)
- Handle:** Fibreglass with TPR grip
- Head:** Forged carbon steel
- Grip Type:** Anti-slip, shock-absorbing
- Overall Length:** Approx. 300mm (varies by brand)

**Ideal For:**

- 1. Masonry work**
- Demolition jobs**
- Construction sites**
- Landscaping**
- Stone or concrete shaping**

**STANDARDS**

**EN ISO 15601**
