

PRODUCT NAME:

MULTI TOOL CUTTER BI METAL

PRODUCT CODE/S:

 JSEK2003540 - MULTI TOOL CUTTER 35X40MM BI METAL
 JSEK2004465 - MULTI TOOL CUTTER 44X65 MM BI METAL

KEY FEATURES:

THE MULTI-TOOL CUTTER 35X40MM BI-METAL IS A HIGHLY VERSATILE ACCESSORY FOR OSCILLATING MULTI-TOOLS, DESIGNED TO HANDLE VARIOUS MATERIALS WITH PRECISION. THE BI-METAL COMPOSITION PROVIDES DURABILITY, FLEXIBILITY, AND WEAR RESISTANCE, MAKING IT SUITABLE FOR BOTH PROFESSIONAL AND DIY APPLICATIONS.

BI-METAL COMPOSITION	Combines the flexibility of high carbon steel with the wear resistance of high-speed steel (HSS)
UNIVERSAL FITTING	Quick-change design for fast and secure installation on most multi-tools
DURABILITY	Bi-metal blade resists wear and lasts longer than standard high-carbon steel blades
VERSATILE USAGE	Suitable for use in both soft and harder materials

DETAILS:
TECHNICAL SPECIFICATIONS:

BLADE DIMENSIONS	35MM X 40MM / 44MM X 65MM
MATERIAL	Bi-Metal (HSS and High Carbon Steel combination)
CUTTING DEPTH	Up to 40mm
