

PRODUCT NAME:

CLAY SPADE

PRODUCT CODE/S:

912668

OVERVIEW

THE CLAY SPADE IS A ROBUST, HEAVY-DUTY TOOL DESIGNED FOR BREAKING AND REMOVING DENSE CLAY, HARD SOILS, AND TOUGH MATERIALS WITH EASE. BUILT TO WITHSTAND INTENSE USE, THIS SPADE IS AN ESSENTIAL ATTACHMENT FOR DEMOLITION HAMMERS AND ROTARY TOOLS, MAKING IT IDEAL FOR CONSTRUCTION SITES, LANDSCAPING PROJECTS, AND HEAVY-DUTY EXCAVATION TASKS.

DETAILS:

Key Features:

- **Durable Construction:** Made from high-grade alloy steel, the clay spade offers exceptional strength and durability for tough jobs.
- **Wide Blade Design:** The broad blade is engineered to cut through thick clay and hard-packed earth with minimal effort.
- **Precision Fit:** Designed to fit most standard demolition hammers, ensuring secure attachment and optimal performance.
- **Corrosion Resistant:** Coated to resist corrosion and wear, extending the tool's lifespan even in harsh environments.
- **Versatile Use:** Ideal for trenching, landscaping, removing soil, and digging in challenging conditions.

Usage Instructions:

Attach the clay spade to a compatible demolition hammer.
 Position the blade on the surface to be broken or removed.
 Activate the hammer to start digging or cutting through the material.
 Ensure proper safety measures, such as wearing protective gear, are followed.

Safety Information:

Always wear protective equipment, including gloves, eye protection, and safety boots.
 Ensure the tool is securely attached before use.
 Operate in a controlled and safe environment to avoid accidents.

Applications:

STANDARDS
