

**PRODUCT NAME**

**PICTON**

**KEY FEATURES**

- **Stretch Side Panels**
- **Baffles filled with recycled polyester**
- **Zippered pocket to left chest**
- **Drawcords to hem to ensure best fit**

**ITEM DESCRIPTION**

The PICTON is the best gilet from Apache yet. Featuring a nylon ripstop main fabric, with stretch side panels, to ensure maximum comfort and movement throughout wear. The individual baffles are filled with recycled polyester. There is a zippered pocket to the left chest along with two zippered front pockets. At the top of the main zip you have a cover to ensure the zip does not rub when zipped up fully. The gilet has a drawstring cord hem to ensure it fits perfectly to each wearer. Subtle Apache branding to bottom front and rear of the jacket. Pairs perfectly with our new Calgary trouser and Whistler shorts for whatever weather you are working in.
