### 200mm(8") **5Pcs File Set**

-  Flat
-  Triangle
-  Half round
-  Round
-  Square

## SELLING POINTS

1. The iron material is T12 high carbon steel, which is heat treated as a whole, with high hardness and long life. The fine teeth are very suitable for fine grinding. 2. The comfortable non-slip handle is ergonomic and provides better control and feel. 3. The set includes flat, round, triangular, square and half-round files, which are very suitable for various forms of grinding or filing metal. Flat files are suitable for flat surfaces, round files are used to file round holes,
